- PERN Applications
- REST API Development
- Real-Time Applications
- Responsive UI/UX

Project Portfolio

ChatHub — Real-Time Communication Platform

Built a full-stack chat platform with Next.js, Node.js, PostgreSQL, Prisma and Socket.IO. Implemented authentication, real-time messaging, reactions, presence, typing indicators, receipts and file sharing.

Business Lead Finder — Lead Generation Platform

Developed a business lead collection system using Next.js, Playwright, Prisma and PostgreSQL with automated data collection, search history and structured lead storage.

Personal Developer Portfolio

Created a responsive portfolio using Next.js, React, Tailwind CSS, Framer Motion and GSAP with modern layouts, animations and dark/light themes.

Image Tools Platform

Built a responsive image utility platform using React and Next.js with interactive components and image-processing functionality.

Education

BS Computer Science — MNS University of Agriculture
2023 — 2027

ICS — Grassion College
2021 — 2023

Work Experience

Kamals Solutions — Multan

Worked on modern web development projects involving responsive interfaces, frontend development and full-stack applications.
